A satellite image of a river delta system. The river flows from the top right towards the bottom left, branching into several channels. The water is a light blue color. The surrounding land is a mix of green agricultural fields and brownish-grey areas, possibly wetlands or marshes. Two specific areas are highlighted with yellow circles and labeled: 'Wallaby Islands' on the left side of the river, and 'Montagu Island' in the middle of the river. The overall scene shows a complex network of waterways and land use.

Wallaby Islands

Montagu Island
